A top-tier reverse-osmosis system completes the suite. // On the main level, updated Pella windows, vaulted ceilings, and skylights bathe oversized living areas in natural light. Daily life flows from the eat-in kitchen to the main living room with a thermostat-controlled gas fireplace, a dedicated home office, and formal living and dining rooms. A versatile main-level bedroom meets a variety of living needs. // Upstairs, the primary retreat features vaulted ceilings and a spa-caliber, five-piece bath with a soaking tub, Robern Uplift cabinetry and sconces, heated tile floors, a towel warmer, dual vanities, and extensive custom storage. Three additional, generously sized bedrooms and two updated baths complete the level. // The finished garden-level basement adds a conforming bedroom and bath, a large recreation/media area, a wet bar, and additional flex space. Abundant built-ins and storage solutions throughout keep the aesthetic clean and calm. // Notable systems & upgrades: new dual-zone Lennox furnace, new Samsung Washer and Dryer, new dining chandelier, new RainBird

smart irrigation, and comprehensive system updates within the last decade. The four-car garage, featuring integrated shelving, provides ample space for everyone's hobbies. The backyard with mature trees and updated landscaping is a private place to unwind. Sellers are planting additional trees along the fence line to enhance privacy.
