One-of-a-Kind Mountain Retreat in Woodland Park

This is more than just a home—it's a handcrafted sanctuary. While others may match it in square footage or room count, few can rival the soul of this property:

- Architectural detail abounds with soaring vaulted aspen ceilings, exposed beams, a cozy fireplace and artisan-crafted live-edge cedar siding materials rarely seen at this price point.

- The fully remodeled kitchen is a chef's dream: the most modern appliances, quartz countertops, and a thoughtful layout designed for both daily living and entertaining.

- Enjoy the convenience of single-story living paired with a large outdoor entertaining area, ideal for gatherings under Colorado skies.

- The oversized, heated two-car garage is more than a place to park your cars—it's a workshop, a creative studio, or a hobbyist's paradise.

- Recently upgraded with a new roof, gutters, and skylights, giving buyers peace of mind for years to come.

This home isn't a compromise—it's a custom Colorado original. For those seeking character, quality, and comfort in equal measure, this is a must-see.
