Cathedral Pines, Colorado Springs, CO

From the moment you step inside, the design feels intentional—crafted to complement the forested lot and frame panoramic views of Pikes Peak at every turn. In this luxury custom Cathedral Pines retreat, vaulted ceilings, walls of glass, and open living spaces create a natural flow for both quiet evenings and lively gatherings. The chef's kitchen, complete with Viking appliances and a furniture-style pantry, opens seamlessly into the living and dining areas so the cook never misses a moment. Each bedroom is a private suite—ideal for multi-generational living, long-term guests, or simply giving everyone in your family their own sanctuary. The primary suite elevates daily living with dual fireplaces, a spa-like steam shower, heated floors, and mountain views from your private patio. Downstairs, life shifts toward connection and play. Movie nights in the home theater, cocktails at the wet bar, or cookouts and lounging on the walk-out patio with a built-in Napoleon grill and warming drawer—it's all here. Even the unseen comforts shine: a hidden library room, Control4 whole-house automation, energy-efficient Tesla solar array with Power Wall, fire suppression, radon mitigation, water filtration, and humidifier systems—reminding you this home was built for both comfort today and resilience tomorrow. This is more than a house—it's a place where privacy and togetherness balance beautifully, and where modern luxuries meet timeless design. If you've

been waiting for a home that feels like it was created just for you, this is it.
